

Lean Six Sigma Executive Overview Sessions

Various versions
of these sessions
are available.

What Is Lean Six Sigma ?

This training is designed to give an introductory overview of Lean Six Sigma.

We discuss :-

- What is it ?
- Why do it ?
- Does it apply in my organisation ?
- Where does the name come from ?
- What can I expect from adopting this technique ?
- Some success stories
- A quick look at the toolkit
- A structured approach
- How would I get started ?

The training covers all of these points and more.

The training can be customised to client requirements – it really depends what detail you wish to go into.

We can configure the session to last from 1 hour to 1 day.

Comprehensive course manuals are provided.

For more information please contact us.
