

Introduction To Minitab Statistical Software

A Range Of
Courses For Beginners
From 2 to 4 Days
Duration

Statistics Is Easy With Minitab !

*Established in 2001,
we have become
leading providers
of training and
consultancy in the
field of
"Improvement"*

This is a beginners guide – we assume you haven't used Minitab at all before attending this training.

You will cover :-

- Getting to know Minitab
- Minitab Worksheets and Project Manager
- Exploring and Interpreting Data
- Graphical Techniques – Many and Varied !
- Correlation Studies
- Normality Testing
- Summary Statistics
- Process Capability Studies
- Measurement Capability Studies

This training can be customised to suit a range of requirements. Simply give us a call and we can devise the solution you need.

Participants should have access to a PC in the training room with Minitab and preferably also Excel pre-installed. If you don't have such a facility we can help you. The PC's do **NOT** have to be networked

We encourage students to bring their own data sets (if possible) which we can work on.

The price of this training does not include Minitab Software. A fully functional free 30 day trial is available from www.minitab.co.uk

Comprehensive course manuals are provided.

For more information please contact us.
