Our mission is to help people lead and deliver improvement and strive for excellence.

Process Auditor / Improvement Assessor

A Range Of Training Courses From 1 to 4
Days Duration

The benefits of process auditing are huge. Organisations use internal audits to achieve process excellence. Whether your goal is performance improvement, organisational effectiveness, cost reduction, risk elimination, or process transformation, adopting a well deployed approach to internal assessments can be a great help.

This customisable course includes :

- Why Audit
- Types of Audit including "Improvement Assessment"
- The Role of the Auditor
- The Hard Skills
- The Soft Skills
- Using Checklists and Standards
- Assessing **without** checklists

This course is designed to give participants a practical introduction to successful process auditing.

The session is packed with practical exercises. Following the classroom training, participants are expected to perform a real life audit and report on their findings.

Comprehensive course manuals are provided. For more information please contact us.

An Interactive Training Module With The Potential For Follow Up and Certification

- A Step – By – Step Approach
- Follow-Up and Closure
- Useful Documentation

"One benefit of this training is that I now have a model that frees me from laborious checklists yet makes me equally effective"

Practical, Relevant, Interactive Training
